## RESUME OF GLENN FRANK LINDSAY

Glenn F. Lindsay was born in 1935 in Portland, Oregon. He attended Oregon State University, where he received a Bachelor of Science in 1960 from the school of engineering. Graduate study was at The Ohio State University, where with a major in Operations Research he received an M.Sc. in 1962 and a Ph.D. in 1966. His dissertation was on dynamic programming optimization methods in inspection allocation, and was done under the directions of Professor Albert B. Bishop.

In 1960 he was selected as Operations Research Fellow at The Ohio State University. He joined Ohio State's Systems Research Group in 1961, and in 1962 was appointed research, supervising projects in simulation, intervehicular communications, and highway lighting.

In August, 1965 he joined the faculty of the Naval Postgraduate School where he is teaching in the Department of Operations Research. His current interests are in inventory theory, quality assurance, and the measurement of effectiveness of complex systems.

He has been a consultant for the Aerospace Medical Laboratory, E.S. Preston and Associates, Litton Industries, the National Heart Institute, the USCG R&D Center, Artronics Inc., Systems Explorations Inc., and SRI International.

He is a member of the Operations Research Society of America, where he has been national chairman of the Military Applications Section. He has served as a member of the board of directors of the Military Operations Research Society, and was chairman of their 28th symposium. He is a member of Sigma Tau and Sigma Xi.
